

To Whom This may Concern:

OCT 26 2018

FCC Mailroom

Dear FCC This is Kevin Brubaker From Bernville

PA. As a taxpayer I would like if you would consider leaving
 conference calling free to all Americans. We ourselves use
 it for our weather - News - family messaging. Thanks,
 for your time considering our needs of this Free Service.
 Thank Kevin

As a taxpayer, and a free conference calling client, I ask you to please reconsider
 acting on WC Docket No. 18-155. My free conference calling services are currently at
 risk of being completely eliminated and costing me, millions of others and our
 businesses.

I am urging you to refrain from eliminating services that I and millions of other
 Americans use regularly.

Long-distance carriers will not be negatively affected, financially or otherwise, if free
 conference calling services are left alone. In fact, they stand to gain upwards of \$80
 million.

However, if the FCC does decide to remove these services, I and millions of other
 American citizens and American businesses will be immediately and negatively
 affected. We will no longer be able to use these services for free and will instead be
 forced to pay for conferencing services provided by the long-distance carriers if we
 want to reach our non-profit organizations, our families, our churches, singing calls,
 news calls, prayer groups, support groups, board meetings, committee meetings,
 startups, schools, and global corporate communities and their families.

Widows and other lonely individuals are finding comfort in this type of free
 conference calling.

Do not take away my free conference calling services and further line the pockets of
 major long-distance carriers.

I ask the Federal Communication Commission to refrain from proceeding with its
 rulemaking in WC Docket No. 18-155.

**WC Docket number 18-155 regarding: Updating the Inter-carrier
Compensation Regime including conference calling services.**

October 17, 2018

FCC Mailroom

As a taxpayer, and a free conference calling client, I ask you to please reconsider acting on WC Docket No. 18-155. My free conference calling services are currently at risk of being completely eliminated and costing me, millions of others and our businesses.

We use free conferencing services to broadcast our church services so the elderly and the sick that are not physically able to attend our services can listen in and still be able to participate in this way. But we understand that we are now in danger of losing this privilege. Therefore I am urging you to refrain from eliminating services that I and millions of other Americans use regularly.

Long-distance carriers will not be negatively affected, financially or otherwise, if free conference calling services are left alone. In fact, they stand to gain upwards of \$80 million. However, if the FCC does decide to remove these services, I and millions of other American citizens and American businesses will be immediately and negatively affected. We will no longer be able to use these services for free and will instead be forced to pay for conferencing services provided by the long-distance carriers if we want to reach our non-profit organizations, our families, our churches, singing calls, news calls, prayer groups, support groups, board meetings, committee meetings, startups, schools, and global corporate communities and their families. Widows and other lonely individuals are finding comfort in this type of free conference calling.

Please do not take away my free conference calling services and further line the pockets of major long-distance carriers.

I ask the Federal Communication Commission to refrain from proceeding with its rulemaking in WC Docket No. 18-155.
